

Squadron Visit

Before you may visit another squadron, you must receive permission from your Squadron Commander and include which Squadron (State, City, and Squadron #) along with the date you wish to visit. You must request this at least 2 weeks from the date you plan on visiting, in order to allow time to request your attendance at the visiting Squadron. This completed form must be returned to the Squadron Commander after your visit in order to receive attendance credit and must be filled out completely. Please return by email within 1 week from your visit, or if not able to email please ask for an accommodation from your Squadron Commander.
